

camp making groups

learning to classify

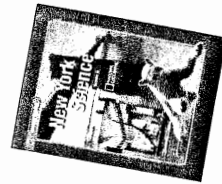

make groups out of your insects.

How did you determine your type of groups?

What other groups did your classmates come up with?

Ask a friend

What are the reasons for these groupings?

pages 226 to 228 of your textbook
 NY science - grade 6 - chapter 8/section 2
 will help you with this work.

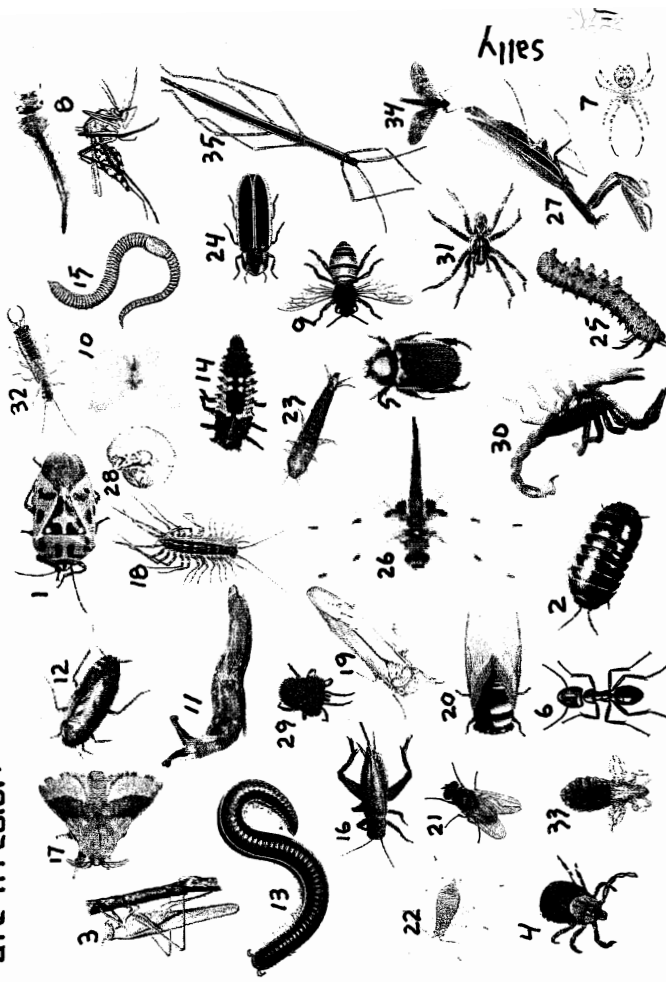

Sally

Our goal is to learn to make decisions on how we review and group objects

My Groupings

use numbers

Go to our  web site. these insect images are in color
