

# library card

your child needs a working Queens Library card and a PIN number so that they can get books and use the library computers.

I have taken my child \_\_\_\_\_  
of class \_\_\_\_\_ to the library. My child has  
a working Queens Library card and my  
child has a PIN number for that card.

As of July 1, 2009, you'll need a Library Card and Personal Identification Number (PIN) to use a computer at Queens Library, including the express PCs. Don't have a library card? It's easy. Go to the Circulation Desk/ Customer Service or register online at [www.queenslibrary.org](http://www.queenslibrary.org).

Visitors who are ineligible for a free library card may purchase one hour of computer time for \$5 (good for one day only)
