Renee David – Principal

Dear Parents,

In a few weeks we will be working on an environmental awareness project called ISO 14000. Through this project we hope that our students realize that our natural resources should not be taken for granted and that we should protect and treasure our environment for future generations to come. Your child will learn that there are consequences for all actions.

We plan to begin this project in May. In order to meet our time schedule, over the April Break, students need to take inventory of the items that use electricity in their homes. During this project, we will be evaluating electricity consumption. Please help your child with this inventory.

Thank you in advance for your cooperation.

Sincerely,

Joshua Blum
Gregory Grambo
Brian Olamit
Mike Jaycox

I have seen and read this letter _____ Parent Signature

_____ Date

Name _____ Class _____

Date _____ Team _____ Seat _____

Electric Consumption Items in your home.

_____ Number of rooms in your home

_____ Number of Incandescent (Screw In) bulbs in your home

_____ Number of Fluorescent bulbs in your home

_____ Number of TV Sets in your home
