<p>what your <u>team</u> thinks the word means</p>	
<p>what the <u>class</u> thinks the word means</p>	

define

lets define a new science word

Our goal is to take what we know about simple machines, talk to our team and come up with a definition for what a simple machine is and what it is not.

parent signature _____

my piece of the neighborhood

picking your space

why did you pick this area for your study site?

Give reasons for your answer

this part should be done in October

Give the location of your site
